GOVERNOR W. D. STEPHENS ENDORSES MAJOR W. F. LINEBERGER, CANDIDATE FOR CONGRESS, AT GATHERING HERE

California's Chief Executive Declares That Sound Business Principles Demand Republican Be Sent to Washington by District

Emphatic endorsement of Walter F. Lineberger, Republican candidate for congress in the ninth district, was given by William D. Stephens, governor of California, at a meeting held last night in the Glendale high school auditorium under the auspices of the Glendale Republican club.

"My friends, I ask you with all the sincerity I possess to remember that election day is next Tuesday, February 15, and that it is your solemn duty to go to the polls and, too, to see that your neighbors go. Further, I urge upon you the necessity of electing Major Walter F. Lineberger, the Republican nominee, a splendid American and one well fitted to take the place of that excellent citizen, Charles Van de Water," were the closing words of Governor Stephens' address.

There was a large crowd present and, during the course of his remarks, Governor Stephens paid tribute to Glendale for the display of civic pride indicated by the attendance.

John Robert White Presides

As president of the Glendale Republican club, W. E. Evans called the gathering to order, following several selections by the American Legion band, and recalled a meeting in the same auditorium when Mr. Van de Water was a candidate for congress at the November election. Mr. Evans paid a tribute to Major Lineberger and declared him to be a most suitable representative of the Republican party and the ninth congressional district. Then he presented Assemblyman John Robert White as chairman of the evening.

Assemblyman White declared himself to be "most happy to be among home folk, Republicans—and others who will vote for Major Lineberger." He then introduced Alfred G. Bartlett, of Los Angeles, chairman of the Republican County Central committee.

Says Republican Necessary

Mr. Bartlett, after pointing out that February was an unusual time in which to hold a political meeting and praising Glendale for making such a representative showing at the gathering, declared that at present California has two Republican senators at Washington and nine Republican congressmen.

"And after the votes are counted on February 15, we will have ten Republican congressmen," he asserted, "provided—mark this—provided you vote and you get your neighbors to vote. The danger is, those who favor Republican principles may not go to the polls in sufficient numbers. We have the voting strength to win; we must exercise that strength to win."

Mr. Bartlett then told of the Pasadena conference at which Major Lineberger was chosen as the party's nominee. He also told of the candidate's experience in meeting ques-

Captain W. B. Kelly, Life-Long Democrat, Announces He Will Support W. F. Lineberger

Captain W. B. Kelly, well known resident of Glendale and prominent Democrat, announces that he is a supporter of Major Walter F. Lineberger, Republican candidate for congress in this district. In a communication to The Evening News, Captain Kelly says:

Editor The Evening News—As a life long Democrat I have been approached to support C. H. Randall in the coming election and to use my influence to this end. I do not consider that it is for the best interests of the Democratic party to re-elect him to congress.

This is one time that the voters of the ninth congressional district should forget factional differences and select a man who is capable to represent them. We have the past record of Charles H. Randall to remember, and what reason have we to expect anything different in the next two years.

I am supporting W. F. Lineberger because he is a red-blooded patriot and a man of progressive ideas and a 100 per cent American. He fought to protect our interests in the war and he can do the same thing in congress. Everybody should support a man of this calibre. We want men who do things nowadays.

CAPTAIN W. B. KELLY.

Member Of Lincoln's Bodyguard Is Speaker Before Local Camp

The meeting of Rosecrans Camp No. 2, Sons of Veterans, and Auxiliary, Monday night in the G. A. R. hall, was largely attended. There were talks by two G. A. R. veterans who had been in Washington when Lincoln was assassinated by John Wilkes Booth, one of them as a member of the martyred president's body guard. He was present in Ford's theatre when the fatal shot was fired. His narrative and that of his companion held the absorbed attention of the audience.

T. M. Barrett of 364 West Wilson avenue, was especially interested, as he was on duty in Washington when Mrs. Surratt and her accomplices were hanged for the murder.

CANNOT CHANGE BOUNDARY LINES

GRAND VIEW SCHOOL SECTION TO REMAIN IN BURBANK, OFFICIAL DECIDES

PROTEST IS HEARD

IMPROVEMENT ASSOCIATION IN SESSION GIVEN REPORTS FROM COMMITTEES

The second meeting of the Grand View Improvement association, held last night at the home of Mrs. Myrtle Buckman, on Winchester avenue, was largely attended, between thirty-five and forty being present.

The committee on changing the school district boundary lines so as to include all of the Grand View section with Glendale, reported that they had failed.

It was held by the county superintendent of schools that the boundaries of the section it was proposed to change from the Burbank to the Glendale district were not sufficiently indicated and Messrs. Radcliff and Collins of the former district were present at the hearing and very strongly opposed the change, saying that section had been a part of the Burbank district for thirty-five years and that they proposed building a new schoolhouse in a location that would accommodate the children of the Grand View section. No further hearing is possible on the matter for another year.

Further Action Is Planned

The committee to petition the Los Angeles postoffice to have the mail service of the Grand View section transferred to Glendale from Burbank, were also turned down, but the matter is to be taken up directly with the postal authorities at Washington.

The water question, over which there had been some misunderstandings, was cleared up to the satisfaction of all by City Manager T. W. Watson, who was present.

Owing to the lack of time the fourth committee, that on tree planting, did not report.

CLUB HEARS OF LURE OF FRANCE

CAPTAIN PAUL PERIGORD IS SPEAKER BEFORE TUESDAY AFTERNOON MEMBERS

TELLS OF WOMEN

SPEAKER COMPARES THOSE OF HIS NATIVE COUNTRY AND WOMEN OF AMERICA

The regular meeting of the Tuesday Afternoon club, with its usual large attendance, was called to order by the president, Mrs. C. E. Hutchinson at 2:30 o'clock yesterday afternoon at the Masonic Temple. After the minutes of the previous meeting had been read by the secretary, Mrs. W. N. Stamps, a letter from the French protege of the club was read by Mrs. J. R. White.

Mrs. R. W. Meeker spoke of the cheerful response being made to the request for help and suggestions in connection with Monte Vista home. Over $40 in cash has been received so far. Committees have been appointed to visit other institutions and investigate the cost of kitchen utensils. Many donations of useful articles are being received by the committee.

Mrs. L. W. Bosserman, chairman of the philanthropic committee, spoke of the work being done. A very interesting report was given of the number of articles which had been received and of their distribution among various charitable institutions.

Announcement was made of the Colonial tea which is to be given by the members of the board to the members of the club exclusively, as a sort of get-acquainted party.

Mrs. Hutchinson then called on Miss Gertrude Champlain, accompanist, to play several chords of the French national hymn, which was followed by "My Country 'Tis of Thee," in which all joined in singing.

Speaks About France

The president then introduced Captain Paul Perigord, who served in the world war. It was through the University of California Extension that Captain Perigord, who is the professor of economics and modern European history at the California Institute of Technology at Pasadena, was secured as speaker. It was of his own beloved France that Captain Perigord spoke.

"Many countries are feared and admired, but it is France that is loved and has become the sweetheart of the world," he said. "There are two principal reasons for this—harmony in her character and charm in her manner. Beauty is essentially harmony. Harmony of line will give you sculpture, of proportion—architecture, of sound—music, of words—poetry, of color—paintings.

"Harmony is the foundation of a beautiful personality. Such a nation is the result of long evolution.

Man With Cows For Sole Hobby Dies As Millionaire, Aged 89

WAYLAND—Talking cows, driving cows and trading cows, with a few hours' perusal of newspapers in the evening, made up the life of Jonathan Maynard Parmenter, Wayland's eccentric millionaire.

When Mr. Parmenter's will was filed it was found, to the surprise of neighbors and friends, that he left an estate valued at $1,275,000.

For eighty-nine years Parmenter lived a narrow, provincial life in the farmhouse in which he was born and died, his sole interest being in the cattle business, which he entered when a young man, together with his brother, Henry.

Although the bulk of the Parmenter fortune was not made in the cattle business, but in southern cotton mills, Mr. Parmenter manifested but little interest in this source of income, concentrating his attention on cattle, in which the foundations of his prosperity were laid.

According to W. F. Earl, president of the Harvard Trust company of Cambridge, who in recent years has been Mr. Parmenter's fiscal agent, the Parmenter fortune has doubled itself in the last ten years.

He never drank or smoked and but seldom attended a theater, according to Howard W. Parmenter, a second cousin.

Mr. Parmenter made public bequests amounting to many thousands of dollars, in which the town of Wayland was the chief beneficiary.

The United Kingdom is facing a house shortage of 1,000,000.

Miss Louise Ayala of 130 North Orange street is expecting the arrival of her mother, Mrs. G. N. Ayala, Sr., this evening from El Centro, where she has been visiting a daughter, Mrs. J. W. Daniels. Mrs. Ayala is from Tampa, Florida, and expects to come to Glendale and make it her permanent home this summer. She will spend a week with her daughter here and then return to El Centro.

The Roxye Maes company with the DeLuxe Films, whose offices are at 118 North Glendale avenue, left for location yesterday afternoon to film two-reel western pictures at Taylor's ranch in Castaic canyon. Those in the party were Miss Roxye Maes, leading lady; Gregory White Spear, leading man; Miss Dolly Rossi, Ernest Thede, Bob Van and Willis Wright.

The indoor carnival held last Friday and Saturday nights by the Yeomen in their hall on San Fernando Road proved to be very successful. It is believed that about $200 will be cleared after all money has been turned in. The affair was in charge of a committee of which Harry Schaefer was chairman. John Lawyer, Honorable Foreman of the lodge, assisted.

Mr. and Mrs. Harry A. DeMuth of Pascoe, Washington, arrived in Glendale Friday night and are the guests of Mr. DeMuth's mother and brother, Mrs. Mary A. DeMuth and Joseph A. DeMuth of 514 West Colorado street. Mr .and Mrs. DeMuth were the dinner guests last night of Mr. and Mrs. J. M. Fife of 517 North Jackson street. Mr. Fife and Mr. DeMuth were classmates twenty years ago.

Grief reigns among the children of Patterson avenue. The cause—the poisoning of a fox terrier dog which was beloved by all of them. The dog, which belonged to Mrs. C. B. Guittard of 524 Patterson Ave., was poisoned Monday and despite efforts of a veterinary surgeon, it died. The children have erected a small wooden cross over the grave of the dog and each day bring fresh flowers to place on it.

Frank Rhode, who is finishing a three-car garage on the rear of the lot at 320 North Brand, has ordered a light meter installed and will move in so as to be at hand while he builds the 7-room residence he took out a permit for yesterday. Other meter installations ordered were by G. Riddell, 1211 South Maryland avenue; H. A. Michel, 524 Milford; J. M. Swaner, 452 Milford; Dr. L. Gossman, Sycamore Canyon Road.

P. J. Sheehy, manager of the Glendale Plumbing company, his wife and four children will soon become residents of Glendale. The Sheehys have been living in Los Angeles while looking for a suitable location here. Recently A. L. Baird, manager of the Roy L. Kent Realty company sold Mr. Sheehy the W. E. Pelley residence at 810 Raleigh street. Mr. Pelley will give possession as soon as he can build a garage for a temporary residence on an adjoining lot.

Mr. and Mrs. P. E. Cory of 820 South Central avenue and Miss Ruth MacBride of 737 South Maryland avenue attended a card party and open house given Friday night at the home of Mrs. Williamson of Hollywood for the benefit of the ex-soldiers and sailors. A program consisting of several musical numbers and speakers was very much enjoyed after which refreshments were served.

INSTALLS PASTOR

IMPRESSIVE CEREMONIES ARE HELD AT LUTHERAN CHURCH BEHALF OF REV. FUNK

A large audience attended the installation of Rev. H. C. Funk as the permanent pastor of the First Lutheran church last Sunday. The services were conducted by Rev. William H. Derr, president of the California Synod and pastor of Trinity church, Pasadena.

The duties and privileges of pastor and people were clearly set forth by the president of synod who delivered both the charge to the pastor and to the congregation. He expressed himself as being especially gratified with the splendid progress that had been made by the church since Dr. Funk has taken charge. The reputation of the pastor as a forceful, doctrinal preacher made it wholly unnecessary to deliver any special instruction along the line of the teachings and customs of the church at this time, he said. The necessity for the life of the pastor to comport with the doctrines that he preaches was brought out as an important factor in the development of the minister's work.

The address of Reverend Derr was well received and inspired the utmost confidence of the people in their chosen pastor.

Charge to Congregation

The charge to the congregation was based on Paul's first letter to the Thessalonians, using the 12th and 13th verses of the fifth chapter, "We beseech you, brethren, to know them which labor among you, and are over you in the Lord, and admonish you; and to esteem them very highly in love for their work's sake." A hearty co-operation on the part of the people with the pastor was pointed out as an essential to a successful pastorate.

"The best advertisement for your church is the good report you take to others showing that your pastor is esteemed most highly for his work's sake," said the speaker.

The congregation is enjoying a rapid growth in the attendance upon the public worship, and the financial condition is the best in the history of the church. The official board has adopted a wide-awake publicity program, the latest move being the purchase of a DeLux electrically-lighted bulletin board which will soon be placed at the entry of the church.

Locates in This City

Motoring to California from Chicago with his wife and three children last summer, then leisurely looking the state over for a business location, Harry Bartran finally chose Glendale as the most promising location for a doughnut factory and is now turning them out from four machines in full view of passers-by on North Central avenue, while his product is quickly taken by Glendale merchants.

It is an interesting process to watch, yet very simple, though every move must be timed accurately and even temperature maintained in the cooking. His wife is a very competent helper.

Mr. Bartran still further showed his faith in Glendale's future by purchasing a beautiful home of Nathan Rigdon at 530 North Louise street, which has just been completed.

Fragrant Flowers Sent

Many bunches of fragrant yellow acacia blooms are being sent to eastern friends by winter tourists, just to show the difference in climate in the two sections of the country. One property owner said a day or two ago that the two acacia trees on his parkway had been almost ruined by the cutting away of sprigs of bloom, but he just could not refuse any who asked for them. These silent messengers from the land of sunshine to the bleak and snow-bound east, are expected to do much to bring new visitors here next winter.

Lectures Are Interesting

Of fascinating interest to motorists are the lectures of Alvin E. Sanders at Tanner & Hall's salesrooms, weekly. Tonight another is to be given and no doubt the rooms will again be crowded by auto owners eager to learn more about their engines so that they can give more care to the delicate mechanisms. These lectures are free.

Road Soon to Be Ready

The new short line auto road to Los Angeles is now open for travel as far as Ivanhoe and the crossing of Los Feliz boulevard also. But the cut through the hill just south of there is being widened, hence that portion of the road is closed for the present. It is expected that through travel will begin in a few days.

For Auto Truck Service

A. N. Reid today applied to the Railroad commission for authority to establish an auto truck service for the transportation of eggs between Burbank and Los Angeles.

PLANS FOR SEWER

CITY ENGINEER PREPARES TO INSTALL SYSTEM FOLLOWING BUSINESS MEN'S ACTION

Plans and specifications for the sewer system in the business district of the city of Glendale are now being prepared by City Engineer Hill, following action taken by the Board of City Trustees.

T. W. Watson, city manager, in a communication to the Board of Trustees, stated that the sanitary engineering firm of Olmsted & Gillelen should be retained in a consulting capacity for the preparation of the plans in the business district and City Attorney Hartley Shaw has been instructed to draw up a contract with the firm.

The district affected by the proposed system is to pay the cost, it is explained, of the work. The decision to install the system was reached after a majority of those affected agreed to meet the expenses.

Letter of Explanation

The city manager's letter of explanation on the subject as sent to the Board of City Trustees follows:

"Pursuant to your instructions of January 20 we have instructed City Engineer Hill to begin the preparation of plans and specifications for sewer system in the business district in accordance with plans previously outlined.

"Inasmuch as this system will ultimately be a part of the general sewer system of the city and also in view of the fact that Olmsted & Gillelen have been authorized by your board to work out in conjunction with a citizens' committee of twelve a plan for general sewage disposal and submit the same for your approval it would seem advisable that their services be also engaged to supervise the preparation of plans for sewage disposal of business district.

Fee Is Fixed by Firm

"We have discussed this matter with Olmsted & Gillelen and in view of the fact that they have been authorized to present plans for general sewage disposal they are willing to serve in a consulting capacity as sanitary engineers for the preparation of plans for sewage disposal in the business district, furnishing complete working drawings for a fee of 3 per cent of the cost of such works, it being understood that all field work and inspection will be taken care of by the city engineer department.

"We believe it is quite essential that sanitary engineers of wide experience be associated with the engineering department in the preparation of these plans and would therefore recommend that Olmsted & Gillelen be employed as above stated."

FORTUNE IN TRUST

MAN REFUSES TO TOUCH BIG ESTATE AND INTEREST IS PILING UP MONTHLY

NEW YORK—The Garland million is increasing at compound interest while Charles Garland still declines to accept it and seeks a way to live without money.

The million is in the capable custody of Henry D. Tudor, the Garland trustee.

Garland continues to live with his wife and child on his mother's farm at Buzzards Bay, Mass.

"We are holding the money in abeyance," Tudor says, "hoping that something will alter Mr. Garland's views and make him accept it. But he is just as firm in his refusal as he was last winter when he became of age."

"Does the law, compelling a man to support his wife and family, apply in a case like that of Mr. Garland, who has stated he is living on his mother's bounty?" Tudor was asked.

"I think this phase of the law presumes that a man is earning money," Tudor replied. "If he has no means of earning it, and does not earn it, the law cannot compel a man to pass on an inheritance to his family.

Question Is Not Raised

"By way of illustration, if Mrs. Garland should demand support it might be that complications would arise and Garland would either have to earn money or get it somehow. However, we have not gone into that because Mrs. Garland has not raised the question."

Garland says he is more than ever determined to respect the million.

"Nothing has altered my view that money and what people will do for money is the root of all present day evils," he says. "I have still not worked out a plan of action—a code of life. My whole problem just now is to determine how best to present a practical plan of living, with money eliminated."

"Is your wife still of your opinion?"

"Yes. But she is not as fully convinced of its practicality as I am."

Garland is expounding his theories in speeches before clubs.

McAdoo Coming Home

MEXICO CITY, Feb. 9—Wm. G. McAdoo and his party were en route to the United States today. The former secretary of the treasury said he had accomplished nothing worth comment.

Because of the mild weather in Manitoba that province has saved so far $1,000,000 of their winter coal bill.

LURE OF FRANCE

INTERESTING ADDRESS MADE BY CAPTAIN PERIGORD TO MEMBERS OF CLUB

(Continued from Page 1)

Some of the factors which have entered into making it the nation that it is are: Its wonderful climate, natural resources, masterly leadership, but, above all else, a clear head and a warm heart. Put these together and you have France."

Tribute to French Women

Captain Perigord then spoke of the women of Fance, saying: "The artistic, intellectual and mental development of its men is controlled by the feminine influences. Every man feels deep in his heart that what he is he owes it to some woman. It may be his mother, sister, wife, friend or teacher. The casual visitor to France does not have the opportunity of meeting the real French women. During the war they were too busy to share in the social frivolities of the day."

The field of letters, from the ancient days, through the middle ages and up to the present time, was the next point of interest touched upon by the captain. He told of the great influence of women upon the minds of writers and poets of these various periods and how their encouragement helped better the conditions of these literary men.

"The French women have preserved their art of conversation. This is an art that has been sadly neglected by most of the other nations, and it has been a great loss to them and to the world. The secret of the French women is in their conversation, by which they bring out the best that is in a person," he said.

Best That's in Them

"Many of the people of modern times think that when they have a palatial home, a good cook, and have a number of celebrities gathered together that they have the salon. That is not the salon. That is a crowd. The salon implies a soul. There must be a guiding spirit and that can be no one but a woman who by her conversation directs the thoughts of these people and brings out the best that is in them."

The difference between the French and the English, German and American women was the next interesting point of Captain Perigord's talk.

"The French women attempt simply to be the companion of their men; to be their inspiration and to encourage them to go ahead, but never to be their rivals," he said.

"The English woman is active and ambitious and inclined to be a little militant. She is slightly too ambitious. She tries to compete too efficiently with the men of her country. The French people have no objection for women trying to succeed in their own sphere, but when she tries to invade the field of mechanics, law or politics and there compete with men a feeling of jealousy arises.

German Woman Passive

"The German woman is just the reverse. Just as the English woman is active and ambitious and tries to succeed in making her way through life in being an equal of the men, the German woman is the passive instrument in the hands of her men. This is why during the late war the women of Germany did not go forth and try to discourage some of the terrible practices. They are absolutely controlled by the men and are entirely too passive.

"The American woman is still in the process of evolution. Some of the American women we find to be of the intellectual type, some of the more passive type and some of the French type. There is no woman of any nation who has the opportunities for self-development that the American woman has.

"Harmony is the essential quality of the French women. The styles as seen by the Americans are very seldom worn as they come here. They are always altered by the French woman before she will wear them. There is one criticism to make of the French woman and that is that she forgets herself too much. She is too much of a mother. The French mother is all devotion to her children.

The wonderful influence the women had in connection with the great world war and the part they have to play in the future closed the address by Captain Perigord.

Certain mills in Rio de Janeiro make a practice of painting the raw coffee bean to suit the requirements of the various buyers. South Africa buys 300,000 bags of bluish green coffee; northern Brazil wishes its coffee black.

Modern Science Makes Use of Ancient Principle

In ancient days garments were cleaned by tying them in a softly running brook.

Today we are making use of this old-time cleansing principle in a modern way in the laundering of your family linen.

In our large washing cylinders, smoothly lined, cascades of warm, soft water bubble through the meshes of your garments.

The cleansing power of these tiny streams is enhanced by the use of mild, white suds which forms a creamy suds that loosens and washes away every vestige of stain and soil.

Our driver will be glad to call. Just bundle up your things and phone us when they are ready.

ASSEMBLYMAN JOHN R. WHITE IS SPEAKER AT MEETING OF CLUB WOMEN

By special invitation Assemblyman John Robert White gave a brief talk yesterday afternoon in the Masonic Temple before the Legislation committee and others of the Tuesday club, Mrs. E. W. W. Hayward, chairman. He explained some of the important bills now pending before the legislature, such as the King bill, the act to establish an agricultural school in southern California and the bill outlining proposed changes in the direct primary law.

The ladies of the committee greatly appreciated Mr. White's clear and lucid explanations of the various measures and are prepared to pass on to others the information they acquired.

CALL TO ACTION

FORMER SERVICE MEN WILL HOLD MEETING TONIGHT AND FORM CLUB

It is of first importance that every ex-service man in Glendale heed the following notice:

"There will be a meeting of ex-service men at the office of James F. McBryde, in the Rudy building, 103-A North Brand boulevard, tonight, promptly at 7:30 o'clock, for the purpose of forming a Walter F. Lineberger club. This is certainly a worthy action as Major Lineberger is a distinguished ex-service man who went in as a private, served 19 months, was wounded and gassed and came home a major, every promotion being earned. He still carries German shrapnel in his body. Every ex-service man in Glendale and vicinity is urged to attend this meeting.

To make the north rim of Grand Canyon accessible to tourists, government engineers have worked out a plan to erect a 500-foot suspension bridge across the Colorado river. It is said the north rim, about 1,500 feet higher than the south rim, gives "new and alluring" views of the canyon.

'BLANKET STIFF' DISAPPEARING

SACRAMENTO—Say good-bye to the "blanket stiff." The immigration and housing commission has been able to induce many big employers to provide their workers with bedding, as well as the sanitary bunks or beds required by law. As a result the race of "blanket stiffs" soon will be historic. The number already has been greatly reduced.

membership would be over the 600 mark. He then presented his brother, T. A. Stevenson, associated with him in the drive and who will, it was announced, carry on the work here until the organization is perfected.

T. A. Stevenson made a brief talk in which he told how the organization was to be perfected, the first step being, he said, to elect a board of directors. This will be done by the entire membership by secret ballot. After the directors are chosen, officers will be elected by the directors, including a paid secretary.

J. O. Stevenson complimented the workers on the result of the campaign and declared that he was well satisfied with the quota and, he felt sure, the re-organized Chamber of Commerce would be a power for civic good.

At the luncheon yesterday, on motion of C. D. Lusby, a committee was appointed by Chairman Jesse Smith to draft a resolution of sympathy to be presented to J. W. Usilton, whose wife was called by death on Monday. The meeting also voted to send a floral offering in the name of the Chamber of Commerce to the funeral.

Palestine Policy Of England Is Submitted For League Inquiry

The British draft of the mandate for Palestine, as submitted to the council of the league of nations at its meeting in Geneva, provides that the mandatory nation (Great Britain) shall have all the powers in the government of a sovereign state, according to the text of the draft, printed by the Jewish Chronicle, of London.

Among the outstanding features of the twenty-seven articles of the mandate are stipulations that the widest measure of self-government for localities, consistent with prevailing conditions, shall be encouraged, and that the mandatory shall be responsible for maintaining such political, administrative and economical conditions as shall secure the establishment of a Jewish national home and the development of self-governmental institutions.

The mandatory assumed the responsibility of seeing that no Palestine territory shall be ceded, leased, or otherwise subjected to any foreign power; that Jewish immigration shall be facilitated; that the civil and religious rights of all the inhabitants, irrespective of race or religion, shall be safeguarded, and that there shall be no discrimination against the nationals of any states members of the league of nations.

Responsibility for taxation, commerce and navigation is vested in the mandatory. It is also provided that a land system be introduced to promote close settlement of the land and its intensive cultivation.

All responsibility in connection with the holy places, religious buildings and their sites are assumed by Great Britain.

PASSES HEARING FAMILY ROWS

CHICO—Florence L. Allen, only woman judge of a court of superior judgment in Ohio, frowns upon the proposal to make her presiding judge of the court of domestic relations.

"I'm not qualified for the task," she said. "Being single, I know none of the problems of married life, and I feel that I am utterly unfitted to determine questions involving the marriage tie. I believe no judge should pass upon such matters unless he or she is married."

Financial agencies report that 84 per cent of all 1920 failures were firms which failed to advertise.

PLANTING TREES

STANDARD PLAN NOW BEING OUTLINED FOR HELP OF ROADWAYS IN STATE

A definite standard plan of highway tree planting is now being drafted, it is announced by a committee named by the State Highway commission and the State Forestry department.

This committee, which consists of Chief Engineer A. B. Fletcher of the State Highway commission, State Forester G. M. Homans and Prof. J. W. Gregg of the University of California, is expected to soon approve and issue a general plan for highway tree planting and maintenance.

Beautification of California highways from the Oregon line to the Mexican border and from the Sierras to the Pacific Ocean is the desire.

Has Varied Assortment

California has a varied assortment of road trees, most of them adaptable to some community, but many of them unwisely chosen. The gum, pepper, poplar, walnut, plane maple, elm and practically every tree known to the state, appear on the highways. It will be the committee's main object to select trees adaptable to communities, and encourage their planting.

Many trees have been planted in the state, and have been left to die because of lack of water and cultivation. Thousands have been killed by careless burning of grass, and many have been prevented from growing by vandals.

The Highway commission has full authority over tree planting on the highways, but has no authority over the work along county roads, which is in charge of County Forestry boards.

FIND MOTHER AFTER YEARS

HOLYOKE, Mass. — Separated from their parents in the excitement and disorder attending the Chelsea fire in 1908, two brothers, Edward and Eric Bailey, aged eighteen and twenty-two years, respectively, have located their mother in Jamaica. They have left the farm of A. L. Green, where they have been working, and will rejoin her.

The boys were taken by the state following the fire and for several years have been placed on farms to work. Since the fire the parents of the boys have separated and each have married again.

A contrivance to pump fish from a purse net to the hold of a fishing vessel has been invented. The fish are pumped through a large rubber tube to the deck of the vessel and discharged upon an inclined plane of wire mesh from which they slide into the hold, the water running through the mesh and into the sea.

By the use of high pressure water has been converted into a new ice so dense and heavy that it sinks in water instead of floating.

AGED 80, SUING FOR DIVORCE

MORGANTOWN, W. Va.—Age is no barrier to applicants for divorce. Solomon Robinson, aged eighty, is suing his wife, Miranda Robinson, aged seventy-nine, for a divorce. He bases his ground for a decree on the fact that his wife deserted him and wouldn't come back to him. His wife answers that she left him because she could not stand his ill treatment any longer.

Judge Lazelis in entertaining an order awarding the defendant $75 counsel fees declared it appeared from the record that the "litigants in this case had reached the age where preparations for the other world were more timely and in keeping with all circumstances than a suit for the dissolution of matrimonial bonds."

A fourth of the perishables received at the New York wholesale markets go to the public dumps. A third of the oranges and a fifth of the eggs received are unsalable.

FREES OF HOUSEHOLD DUTIES

DETROIT—That he was compelled to do the sweeping, washing the dishes and the clothes and usually go breakfastless to his work, were some of the charges made by James E. Rogers, an accountant, against his wife, Carolyn, in court here. He was granted a divorce.

Rogers testified that he gave his wife unlimited credit at several stores, a privilege she abused by running up staggering bills. She rewarded him for this the husband said, by devoting her attention to a Canadian soldier, and this finally broke up the home.

Locked in a hermetically sealed concrete vault for six hours, the assistant city treasurer of Philadelphia communicated with the night watchman by means of the Morse code tapped out with a stick against the walls of the vault. The watchman, familiar with the code, replied, and brought one who knew the combination of the vault.

MEETING PLANNED

OLIVER W. STEWART TO TALK ON THURSDAY NIGHT FOR CONGRESS CANDIDATE

Oliver W. Stewart of Chicago, former member of the Illinois legislature, will, it is announced by W. F. Tower, chairman of the Glendale Randall club, speak at an open meeting at the Glendale high school Thursday night, February 10, at 8 o'clock. His announced subject is "In the Interest of Your Next Congressman and Law Enforcement." He will urge the election of C. H. Randall to congress.

According to Chairman Tower, the speaker is "a campaigner equal to Billy Bryan."

The Glee club of the Pasadena university has been secured to enliven the meeting with songs.

PLAN FOR PICNIC

ALL DAY OUTING WILL BE HELD IN SYCAMORE GROVE FOR MINNESOTA FOLK

All who ever lived in Minnesota are invited to meet for the annual picnic reunion, all day, Saturday, February 19, in Sycamore Grove park, Los Angeles. There will be county registers and headquarters so one can find the old neighbors. There will be a brief program opening about 2 o'clock. Coffee will be served free to all who buy the silk souvenir badges. Further information may be had of C. H. Parsons, secretary of the Federation of State Societies, Continental National bank, 901 South Main street, Los Angeles.

One of the greatest penalties that can be imposed on a Hindu is that of being outcasted, as it means social ostracism. No man may eat with him and his own relations will not permit him in their homes.

MONEY FOR STATE

CALIFORNIA TO GET FUNDS FROM GOVERNMENT OVER LEASE OF OIL LANDS

Information received by The Evening News from the United Press is to the effect that California will receive $554,710 from the federal government on account of oil lands leased in California during the last year, according to a telegram sent by Will C. Wood, state superintendent of public instruction, from Senator James D. Phelan at Washington.

Under an act passed by congress this state received 20 per cent of federal oil field revenues. The total sum to California's credit now in the United States treasury is $2,773,051.

Senator M. B. Harris of Fresno has introduced a bill in the state legislature which would put the money into the state school fund to count toward the $30 per pupil expenditure being made by the state. The acquisition of the money will relieve the financial tension the state is now undergoing, it is said.

MAY ASK TO FORM NEW STATE

BOISE, Idaho—Creation of a new state will be urged upon congress if the Idaho legislature favorably considers a memorial presented to it by the Chambers of Commerce of the ten northern counties of Idaho.

Western Montana and eastern Washington, including the city of Spokane, will be invited into the project and have been asked to send representatives to secure conferences with the northern Idaho counties.

The reason for the project is said to be the natural geographical differences between the southern and northern parts of Idaho and the striking similarities between northern Idaho, western Montana and eastern Washington.

SELLING SAVINGS SECURITIES

WASHINGTON — Despite chaotic financial and business conditions during 1920, Uncle Sam sold nearly $50,000,000 worth of government savings securities to thrifty investors last year, according to preliminary reports received from postoffices and federal reserve banks, by the savings division of the treasury department.

Figures so far compiled for sales throughout continental United States were $41,909,700, which amounts to approximately 40 cents saved by every man, woman and child in the country.

Send Real American, Having Republican Principles, To Congress, Urges Governor Stephens to Local People

(Continued from Page One)

tions concerning the citrus fruit industry, harbor problems and, although he said it was against the nominee's wishes, he told of Major Lineberger's war record in answer to insinuations which, he said, were being made by "a paid speaker imported by the opposition."

Scores "Imported Speaker"

"But I am glad to say, however, that no Californian is attacking Major Lineberger's war record," declared Mr. Bartlett. "An imported speaker is making the insinuations. Our candidate went into the war as a private, he came out a major. He won his honors on the field. He was gassed. He was wounded. But he has asked that this be not a part of his campaign. He asks that his platform be taken. He is strong for Republicanism, the protective tariff, prohibition and law enforcement—Americanism. It gives me the greatest satisfaction to be advocating the election of a real man and a real American who answered his country's call and whose record is without a stain. If Glendale will vote as it did in November, the result will not be in doubt. But don't forget the date—February 15."

Governor Stephens Speaks

Chairman White, in presenting Governor Stephens, paid a graceful tribute to the state's chief executive. He said Glendale likes the governor and explained that the governor had come to the ninth district because he knows the importance of electing a Republican representative.

"Glendale," asserted Chairman White, "is the hub of the district and it's a big hub, too. The governor recognizes our importance and so he has come to us to tell us of the vital importance of placing another Republican to work with the Republicans already in congress."

Governor Stephens was given an ovation as he arose to speak and he was forced to hold up a hand for silence. He began by saying it had been a pleasure to him to listen to the music furnished by the American Legion band for, he said, "those boys offered their all for us when the world was at war." The governor then turned to several veterans of the Civil war seated on the platform and paid them a tribute for what they had done.

In County for 35 Years

Governor Stephens then said he had resided in Los Angeles county for thirty-five years and had represented this section in congress so, he said, he knew what the district needed. He said that he came to Glendale as governor of the state and as a private citizen to urge that Major Lineberger, a Republican, be sent among Republicans to work for the best interests of the district and the state, asserting the candidate was equipped for the task.

He then told of his visit to Ohio, where he spent several days with President-elect Harding, then a candidate for the presidency, and referred to him as "the man who does not believe he can run the world alone."

During his remarks he referred to Frank Lowden, former governor of Illinois, and declared that while he "had heard no tales and, therefore, could tell no tales out of school," he believed, judging from newspaper stories he had read, that Lowden might be called to the Republican president's cabinet.

Republican Party Principles

"The ninth congressional district needs a man who will stand by the principles of the Republican party," declared the governor. "I am not here to attack any other candidate. In fact, I don't believe in making attacks. Many years ago, when I was on the road selling groceries, I learned never to run down the other fellow's goods. I learned to let the other fellow praise his goods all he liked, then I would try to prove that mine were better than his. So I am not here to make a personal attack on anyone. I am here to urge upon you the necessity of electing a Republican, a Republican as is Major Lineberger. A Democrat is useless with a Republican as president and with congress Republican. And let me say this—I would not be here if I did not know that Major Lineberger is absolutely dry, that he is for law enforcement and is a staunch Republican.

Prohibition Complete Success

"Prohibition is a complete success; it has worked wonders in this nation. It is a glorious law. It has helped households everywhere. It has rescued manhood. It has brought comfort, care for the little ones. It has brought them clothing and shoes. God knows anything is worth while if it brings heartease. Prohibition is the law of the land and every man—be he wet or dry—should stand for law enforcement.

"Major Lineberger fought in the war; he was wounded. He answered his country's call as he will answer your call if you realize the importance of voting on February 15. His forebears fought Germany; he fought Germany with the thousands and thousands of other Americans. Now he has been called—for he did not seek this nomination—to work for you in congress. Will you help him with your votes?

"Major Lineberger does not train with the Democratic party. It takes protection to bring prosperity—and the Underwood tariff law is already working. We can see its dangers.

Talker Against Major W. F. Lineberger To Be Asked Public Apology

At a meeting held in Long Beach yesterday afternoon, attended by citizens of different political faiths, it was decided to demand of Rev. Clarence True Wilson, who is campaigning against Major Walter F. Lineberger, that he retract a statement credited to him.

It is claimed that Rev. Wilson made remarks reflecting on the war record of Major Lineberger. As he is scheduled to speak in Long Beach on Friday, the citizens of that city, at the meeting yesterday, decided to insist that he make an apology.

Lemons are hardly worth the picking. Only the other day I passed through lemon groves and there saw signs inviting one to pick what they wanted. The Underwood law has prevented their sale.

Calls It Business Problem

"Boiled down, this matter is a business question. You must have protection. You must have a Republican representative who can go before the ways and means committee of congress and secure for you that which you desire. A Democrat cannot do that with Republicans in control. You have the opportunity to send a Republican to Republicans to get what you want. It is up to you on February 15.

"I am glad to take the responsibility for this special election. Had it not been called by me, you would have had to wait for about two years to elect a congressman. Then it would have been too late for you to secure needed protection, for having resided here for thirty-five years and having served in congress, I know the importance to you to have a Republican representation.

"My friends, I ask you with all the sincerity I possess to remember that election day is next Tuesday, February 15, and that it is your solemn duty to go to the polls and, too, to see that your neighbors go. Further I urge upon you the necessity of electing Major Walter F. Lineberger, the Republican nominee, a splendid American and one well fitting to take the place of that excellent citizen, Charles Van de Water."

Appeal to Former Service Men

When the governor closed his address, Chairman White said that Owen Emery had an announcement to make. Mr. Emery stated that a meeting of ex-service men will be held tonight at 7:30 o'clock in the office of James F. McBryde, in the Rudy building, 103-A North Brand boulevard, for the purpose of forming a Walter F. Lineberger organization and all ex-service men in Glendale and vicinity were invited to attend.

"Major Lineberger's war record has been attacked," continued Mr. Emery. "He went in a private, he came out a major. He was gassed and wounded. We ex-service men are not going to stand for this attack. We are going to organize against it and put Major Lineberger over the top on February 15."

Major Lineberger Speaks

Having an engagement to attend another meeting held at Whittier, Major Lineberger was not present when last night's meeting was called to order. He arrived near the close of Governor Stephens' address and was warmly greeted.

In presenting the candidate to the audience, Chairman White told of the governor's war time record, saying that he had preached the gospel of Americanism then, realizing its importance, and now, knowing its importance, had come to Glendale to urge the election of a man who showed by his record he was American through and through.

In opening his talk, Major Lineberger thanked the governor for appearing in his behalf and also expressed his appreciation of the presence of the civil war veterans. The speaker said he had been born in Tennessee and that his father had voted the Democratic ticket.

"But I voted for Theodore Roosevelt, although I had to fight to do it," he declared.

Major Lineberger announced that he stood firmly on the Republican platform. He said that there were three issues, moral, commercial and political. He declared himself to be absolutely dry and for the enforcement of the prohibition laws. He declared that his training as a business man and an engineer had, he believed, fitted him to see the commercial needs of the country and as for the political issue he declared himself as being wholly Republican.

"We want business, not booze," he asserted. "We need free canal tolls for our coastwise shipping. We need a helpful policy toward the expansion of our harbors."

For American Legion

Major Lineberger said that he was in favor of the passage of an act proposed by the American Legion, but only, as expressed by the legion, the measure does not seriously handicap the financial system of the country.

"But when it comes to money for the wounded and ill ex-service men, no sacrifice is too great," he declared. "Well might we go half clothed in order that those sufferers may be given the best of care. There is now too much red tape. Let's get down to business and cut this red tape before the majority of the sufferers die."

The speaker promised that, if elected, there would be nothing spectacular about his acts in office. He asserted that he would not try to perpetuate himself, that he would endeavor to maintain a personal touch with his district and would strive to represent the high class of citizens making up the district.

"For fifty years or more the best of citizens have been coming into southern California from all parts of the nation," he said, "and I consider a high standard has been set for me. I will do my best for you."

Facing Practical Problem

In conclusion, he pointed out that the district was facing a practical problem.

"You can't win battles without soldiers. You can't win a political battle without votes. Therefore, if you want me as your representative, you must vote for me on February 15. But I regard it as a sacred duty to go to the polls. So, if there are any here who may not wish to vote for me, I even urge them to go to the polls and vote. Go to the polls and vote on February 15, whether you vote for me or someone else."

Opposite to Democrats

At the conclusion of Major Lineberger's talk, Chairman White called upon Rev. C. R. Norton, a civil war veteran, for a few words.

Rev. Norton declared that he had learned early in life that if one wanted to be right, the way to learn the direction was to find out which was the way of the Democratic party, then go in the opposite direction.

He said he had been a Methodist preacher for fifty years and he told several stories that amused the audience. He said that he was a believer in "pep" and he put a lot of it into his talk. He concluded by urging the audience to do likewise in striving for the success of the party.

The meeting was adjourned by the band playing the national air.

Following the meeting, Major Lineberger held an informal reception in the lobby of the high school and met a large number of Glendale people, who pledged him their support and promised to enlist their neighbors in a "go to the polls" parade on February 15.

MARINE CHANGES

ITALY GOES FROM EIGHTH TO FIFTH; UNITED STATES IS ALSO SHOWING GROWTH

By HENRY WOOD
United Press Correspondent

ROME—Since 1914, Italy has passed from eighth place in the matter of mercantile marine to fifth.

She now ranks after England, the United States, Japan and France. The remarkable progress which Italy has thus made in the matter of re-establishing herself after the war is taken as indicative of the general recovery that may be expected along every line as soon as Italy's internal conditions become a little more stabilized.

The showing in the building up of her mercantile marine, after her heavy ship losses during the war, is all the more remarkable in that the greater part of it has been done during the year extending from June, 1919, to June, 1920.

In fact this year was marked by a very heavy increase in mercantile tonnage of all the great powers. The war, however, has made some very marked changes in the relative standing of the various great nations in this respect.

Japan and U. S. Gain

According to statistics just completed, England, which before the war held 41.6 per cent of the world's tonnage, now only has 33.6 per cent, although she still retains her position of being the nation with the greatest tonnage at her disposition.

On the other hand, Norway, which occupied fourth place before the war, is now in the seventh place, while Japan, which was sixth, is now third.

The United States has naturally made the greatest showing in mercantile tonnage. In 1914 she possessed only 4.7 per cent of the world's tonnage, but today has 24 per cent.

Altogether six countries have undergone a decrease in tonnage since 1914, these being England, Germany, Austria-Hungary, Greece, Sweden and Denmark, their total decrease being 6,943,000 tons. Five other countries, however—France, Holland, Italy, Spain and Norway—have made an increase of 2,106,000 tons since 1914, so that Europe's net decrease in tonnage at the present time is only 4,873,000 tons.

The value of Alaska's salmon products in one year is seven and a half times the original purchase price of that territory.

ILLINOIS OUTING

ANNUAL GET TOGETHER WILL BE HELD ON SATURDAY IN LINCOLN PARK

The Illinois state society of southern California will hold its all-day annual basket picnic and reunion in Lincoln park on Saturday, February 12, Lincoln's birthday, at Los Angeles.

Former Governor Frank O. Lowden of Illinois will be the principal speaker. There will also be other prominent speakers.

The Page Military band will furnish inspiring and patriotic music, and Willard H. Anthony will lead the singing. Coffee will be served free to all who purchase a badge. There will be county registers for every county in the state of Illinois.

James A. Tomlinson is president of the society and the picnic committee is: Geo. W. Prince, chairman; Mrs. Lizzie B. Fowler, Mrs. Wm. H. Anthony, Dr. William Wenzlick, Mrs. Phyllis A. Hoag, Mrs. Wm. F. Spreen.

PROTEST IS MADE

STATE SENATOR C. F. PURKITT OF WILLOWS TELLS WHY HE OPPOSES MEASURE

State Senator Claude F. Purkitt of Willows has announced that he voted against the King act, known as the administration general tax bill on the grounds that it is not a just equalization of taxes and that the budget for the executive department is extravagant.

"I and several other members of the legislature have considered this matter," he said, "and we believe that too much money is to be used for the purpose of state government, and it is our desire that the budget be pruned to the bone in order to relieve the burden of taxation upon the people of California.

"I say this for the reason that there are appointees now on the payroll of the state who are drawing excessive salaries. I have in mind one man in particular, whose name I do not care to mention, who drew from the state government $7500 a year salary. For some unknown reason this man has been raised lately to $12,000.

Says People Can't Stand It

"The people of the state are not in a position to stand such a burden of taxation on account of these salaries. It is true that the tax necessary for state expenses must come from corporations, but the railroad commission has announced in advance that they will raise rates so that the corporations can have a net return of 6 per cent on investments. When this is done it is plain that the money comes directly out of the common people.

"The administration has, by interviews in the papers, led the people to believe that those who voted against the King bill were doing so at the request of the corporations. In this particular I was not interviewed or talked to by any representatives of any corporation, but I was frequently implored by the heads of the state departments to vote for the bill. The lobbying maintained in the senate was altogether by the heads of the state departments, bureaus and commissions. These men were allowed to mingle among the senators, endeavoring to get them to change their vote for the administration measure. So strong and flagrant did it become that Senator Inman introduced a resolution prohibiting any state employe to come upon the floor of the senate and lobby measures through the senate, but this measure was killed in the assembly by the administration forces."

The effect of proposed taxation methods in Mexico will tend to break up into small parcels 82 per cent of the arable land in that country which has been held in large estates for three centuries.
